

## Wondering what those lines are on Dilworth Rd?

Those are “pre-lines” for a traffic calming project that CDOT is rolling out on Dilworth Rd. The striping contractor should be on site this Saturday 11/15 to install the pavement markings for the new bike lanes and parallel parking.

A separate crew will handle the installation of ADA curb ramps at Mt. Vernon Avenue and Covenant Presbyterian Church, as well as two ADA-accessible parking spaces along Dilworth Rd. This crew is currently wrapping up work on another project and is expected to begin within the next couple of weeks.

Once the concrete work is complete, the striping contractor will return to install the crosswalk at Mt. Vernon and complete the parallel parking space markings. CDOT’s current timeframe is to have this entire project completed by the end of the year!
